Gas Sourcing

- Firm allocation from Govt. of India of domestic gas for the entire consumption of CNG and PNG Domestic segment. Lower prices of domestic gas makes the economics of switching to gas more attractive driving growth in CNG & PNG- Domestic segments which constitute around 83% of the total sales volumes.
- Have tied up long term contract for RLNG to meet PNG Industrial & Commercial demand.
- Buying short term gas from the open market (Shell, IOCL, GSPC, BPCL etc.).

Future Outlook

- Approximately Rs. 1500 Crores of capex is planned for the financial year 2021-22. The Capex covers existing GA of Delhi NCR and other GAs allotted to the company. Approx. 125 CNG stations are planned to be commissioned during the FY 2021-22.
- The company is making efforts to increase gas sales volume in the range of 7.0 MMSCMD to 7.5 MMSCMD depending upon COVID situation during the FY 2021-22 and will endeavour to achieve sales volume of Approx. 10 MMSMD by FY 2023-24.
- Company is also venturing into electric vehicle charging segment and is planning to commission 50 stations during FY 2021-22 for battery swapping mode.

Future Outlook

- Company is actively looking for growth avenues and is open for organic/inorganic growth opportunities. The company is also looking for opportunities to diversify in other areas.
- Presently 5 number of long route CNG buses with Type 4 cylinders are running in a pilot project with a state transport undertaking. Company is making efforts for converting existing buses of state transport undertakings running on interstate route to CNG.
- Company has also started sales of CNG from mobile refuelling unit (MRU) and will endeavour to increase the number of MRUs in near future for providing gas to CNG customers in various parts of GAs.

Credit Strength

- Healthy profitability with strong cash generations from operations.
- Regained the status of zero debt company.
- Comfortable working capital position.
- ICRA Limited (An associate of Moody's Investors Service) & Care Ratings Ltd. has reaffirmed highest credit ratings of AAA (Stable) for term loan. And ICRA Limited has also reaffirmed A1+ for short term loan .

Risks & Mitigations

■ Gas price

- CNG & PNG-Residential prices remains competitive vis-à-vis petrol and subsidised LPG in view of allocation of domestic gas
- Spot/short term gas is purchased to reduce the weighted average cost of gas for I/C segment.

■ Sourcing of gas

- Firm allocation from Govt. of India for domestic gas - buying from GAIL.
- Buying Long term TRLNG gas from GAIL/BPCL
- Buying short term gas from the open market i.e. IOCL, GSPCL, PLL & Shell etc.

DDA Case

Delhi Development Authority (DDA) has raised a total demand of ₹155.64 crores during 2013-14 on account of increase in license fees in respect of sites taken by the Company on lease from DDA for setting up CNG stations in Delhi. The increase in license fees was related to the period 1 April 2007 to 31 March 2014. The Company has filed a writ petition on 11 October 2013 before the Hon'ble Delhi High Court against the demand raised by DDA as the revised license fees has been increased manifold and made applicable retrospectively from financial year 2007-08. Further, DDA vide communication dated 29 August 2016 has revised the total demand to ₹330.73 crores for the period upto 31 March 2016.

The matter is pending in the Hon'ble High Court of Delhi and the Company is of the view that such demand is not tenable and accordingly no provision has been made for this demand raised by DDA till 31 March 2016 in the books of accounts.
