Letter from Chairman, IGL

Dear Shareowners,

I am pleased to share with you that keeping with the past trend, your Company has shown good performance in the financial year 2014-15 also. The gross turnover of the Company stood at Rs.4048.58 Crores. Profit After Tax (PAT) of Rs.437.73 Crores showed an increase of 22% over the last year. Your Board has **recommended a higher dividend of**

60% i.e. Rs.6 per share against 55% (Rs. 5.50 per share) paid during the last year.

During the year 2014-15, the Company has further consolidated its infrastructure both in Delhi & NCR. The Company provided **PNG Domestic connections to over one lakh households** which is a record in the history of the Company. As on March 31, 2015, your Company was providing Compressed Natural Gas (CNG) to over 8 lakhs vehicles through a network of 326 CNG stations, Piped Natural Gas (PNG) to nearly 5.6 lakhs domestic households and around 2300 Industrial & Commercial customers.

Your Company has been expanding its footprints beyond Delhi & NCR and in this direction the Company acquired 50% stake in Central UP Gas Ltd (CUGL) in FY 2013-14. Further, the Company has also acquired 50% stake in Maharashtra Natural Gas Ltd. (MNGL) a Company having operations in Pune. The Company has also plans to participate in the bidding process of Petroleum Natural Gas Regulatory Board (PNGRB) for setting up CGD business in new cities.

Another major development which I would like to share that on July 1, 2015 Hon'ble Supreme Court of India gave a judgment in favour of your Company by dismissing the Special Leave Petition (SLP) of PNGRB in the tariff matter. This is a landmark judgment for the Company as well as for the entire City Gas Distribution (CGD) Industry. It has reimposed the confidence of all stakeholders particularly investing community in the Company.

The future prospects of CNG are promising as more number of buses, taxis and private cars are expected to be added during FY 2015-16. The Government of India has given thrust to PNG domestic connections on a mission mode. Your Company has set high targets for providing PNG connections in the future years. On positive side, the government has given top priority to CGD business in gas allocation and the entire requirement of CNG and PNG domestic business would be met through supply of domestic gas. In PNG Industrial & Commercial segment, we expect a stiff competition from alternate fuels which have become cheaper because of steep fall in crude oil prices.

Besides expansion, your Company is also conscious of customers needs and is continuously making efforts to improve its services. In this endeavour, your Company has developed new and **advanced customer centric applications** to provide user friendly experience over portal which can be accessed even on handheld devices making it convenient to have self-help related services.

Your Company continues to invest in IT initiatives such as Customer Relationship Management (CRM), Business Communication Management (BCM), Multichannel Foundation For Utilities (MCFU) which would be released shortly. These new IT applications will enable the customers to leverage the latest technology available in the market to enhance their satisfaction through portability of use, ease of operation and time saving. Apart from the above, your company has already implemented an android based mobile application "IGLCONNECT" which is available at Google store for providing self-help related services viz. bill related information, payment options, complaints, online connection requests etc.

Your Company is committed to good Corporate Governance practices and continuously making efforts to bring more transparency and accountability by strengthening the system & procedures. During the year 2014-15, the Company has obtained ISO Certification in the areas of Quality Management System, Environmental Management

System and Occupational Health & Safety Management System. The Company has also upgraded its SAP system to make it more advanced and cater to business needs in an effective manner.

Your Company has always accorded **top most priority to Fire and Safety related issues** and has focused its continual efforts to maintain a good safety culture and to improve Fire and Safety standards. It is a matter of pride that your Company has won a number of prestigious safety awards such as **Greentech Safety Award (Platinum Category), Safety Innovation Award by Institute of Engineers, Special Commendation by Golden Peacock Occupational Health & Safety Award**. It is worth mentioning here that your Company has crossed 67 Million Man Hours accident free till 31st March 2015. This is a milestone achievement resulted from continuous efforts of all working directly and indirectly for the Company.

Your Company has always given utmost importance to its human capital and realizes that the challenges of the future can be best met with competent and motivated human resources. The Company is taking various HR initiatives to add value to its pool of human talent and integration of individual goals with that of the Company. Training & Development of the employees forms an integral part of Company's policy towards achieving its objective. The Company has hired a leading consultant for compensation bench marking, 360^o feedback and assessment center exercise. Assessment centers & 360^o feedback will support senior management to develop additional skills. In order to encourage team work and to enhance interaction among employees various extra-curricular/sports activities are organized from time to time. The Company recognizes and appreciates the contribution of all its employees in its growth path.

During the year 2014-15, the Company revised its Corporate Social Responsibility (CSR) policy in line with the requirements of Companies Act, 2013. Health, education, environment and empowerment of women & underprivileged have been identified as thrust areas. Various CSR projects have been initiated and are being taken forward under the CSR Policy. Your Company has started the 'IGL Swasth Saarthi' – a comprehensive health management programme for auto and taxi drivers in Delhi & NCR. With the objective of covering the risk in case of accidents of drivers of CNG run public transport, your Company has bought a Group Accident insurance cover under 'IGL Suraksha Yojna'. The Company has been supporting meritorious students from underprivileged strata of society for specialised coaching for engineering entrance examination (JEE) through a scheme run by an NGO. Your Company is also contributing in 'Make in India' programme, a Skill Development programme for unemployed youth by providing technical oriented quality training. In future years besides scaling up the existing CSR projects, more new projects would be undertaken by your Company.

On behalf of the Board of Directors, I take this opportunity to thank the Government of India, Petroleum and Natural Gas Regulatory Board and all departments of the Central and State governments, our valued customers, all the authorities and agencies for their unstinted support to your Company.

I, along with my colleagues on the Board, would also like to thank each and every employee of IGL for all the hard work put in by them.

Finally, I would like to thank each one of you from IGL's family of Shareowners, for the confidence and trust reposed in us. With your support and blessings, I am confident that we can take the Company to greater heights in the days to come. I convey my appreciation and thankfulness to my colleagues on the Board for their invaluable contribution in strengthening the Company.

Shri Narendra Kumar, Managing Director and Shri V. Nagarajan, Director (Commercial), presenting the dividend cheque for 2013 – 14 to Shri Najeeb Jung, Hon'ble Lt-Governor of Delhi in presence of senior IGL officials.

FINANCIAL REVIEW

During the year, gross turnover of the Company has decreased by 6% from Rs. 4319.37 crores in year 2013-14 to Rs. 4048.58 crores in the year 2014-15 mainly on account of substantial reduction in the selling price of Compressed Natural Gas (CNG) and Piped Natural Gas (PNG)-domestic due to allocation of additional domestic gas to City Gas Distribution (CGD) sector resulting in lower input cost of gas which was passed on to the customers by reducing selling price of CNG and PNG-domestic in February 2014. However, Profit after tax has increased by 22% from Rs. 360.26 crores in 2013-14 to Rs. 437.73 crores in 2014-15.

DIVIDEND

Your Directors are pleased to recommend higher dividend of 60% (Rs. 6.00 per share) as against 55% (Rs. 5.50 per share) paid in the last year. The proposed dividend including corporate dividend tax would absorb Rs. 101.10 crores.

PERFORMANCE HIGHLIGHTS

COMPRESSED NATURAL GAS BUSINESS

During the year, your Company has augmented its CNG distribution infrastructure by enhancing the installed compression capacity from 66.81 Lakhs Kg/day in March 2014 to 68.50 Lakhs Kg/day in March 2015. The total number of CNG stations were 326 as on March 31, 2015 which included 280 stations in Delhi and 46 stations in National Capital Region (NCR).

In its ongoing endeavor to keep customer satisfaction as the top most priority, your Company has taken various initiatives

as under:

1. An alternate cashless mode of payment for CNG customers by using Credit / Debit card at all IGL owned CNG stations has been made available through Electronic Data Terminals (EDC).
2. In its endeavor to make genuine lubricants easily available to its CNG customers, your Company has commenced sale of MAK GE Lubes at selected IGL owned CNG stations.

The estimated number of vehicles running on CNG in Delhi and NCR as on March 31, 2015 was over 800,000 including 540,000 private vehicles.

Compression Capacity (Lakh Kg/Day)

PIPED NATURAL GAS BUSINESS

PNG - Domestic Connections

A major thrust has been given to the expansion of PNG network in Delhi and NCR i.e. Gautam Budh Nagar (Noida, Greater Noida) and Ghaziabad.

Your Company has increased its steel pipeline network from 658 kms in FY 2013-14 to 680 kms in FY 2014-15 and MDPE network from 8437 kms in FY 2013-14 to 8967 kms in FY 2014-15.

During the year, your Company provided 59,029 PNG connections in Delhi & 42,256 PNG connections in NCR and the total number of connections went up from 4,59,467 in March 2014 to 5,60,752 in March 2015. It is noteworthy that your Company broke its own record of highest number of connections in a year by providing 1,01,285 domestic PNG connections in Financial Year 2014-15. Highest number of PNG connections provided by your Company in 2014-15 is also a record in our country's CGD business.

PNG (Domestic Connections Nos)

Conducting business through electronic means is the buzzword in a technology driven world. During the year your

Shri Narendra Kumar, Managing Director, launches the sale of BPCL's MAK lubricants from IGL CNG station alongwith BPCL and IGL officials.

Company has taken major initiative to upgrade its business process and introduce technologically advanced platform for customer interface. Customer app on mobile phone has been successfully rolled out. PNG customer will be able to obtain important services pertaining to their PNG connection through this mobile app. This customer app shall bring qualitative improvements in our service levels.

Your Company has also undertaken a pilot project of customer self help kiosk. First two such kiosks have been commissioned in prominent public places in Delhi & Noida. Depending on customer response such installations will be further increased.

PNG – Commercial & Industrial

Your Company has maintained its focus on the Industrial and Commercial segment as one of the potential growth areas in the forthcoming years. There was some decline in sales in commercial & industrial segment in financial year 2014-15, primarily due to stiff competition from alternate fuels prices like Furnace oil (FO)/Diesel which have come down drastically due to lower crude prices. However, with its concentrated efforts, the total number of commercial customers increased from 1291 in March 2014 to 1566 in March 2015 and the industrial customers from 584 in March 2014 to 726 in March 2015.

Your Company has already expanded its pipeline network to most of the major industrial areas of Delhi and NCR i.e. Gautam Budh Nagar (Noida, Greater Noida) and Ghaziabad. Pipeline laying activities are underway in the remaining major industrial areas in NCR.

REGULATORY DEVELOPMENTS

Petroleum and Natural Gas Regulatory Board (PNGRB) vide its order no. TO/03/2012 dated April 9, 2012 determined the per unit network tariff and compression charge for the CGD Network of the Company for Delhi, based on submission of data by the Company in May 2009 and certain assumptions taken by PNGRB in this regard. The tariffs determined by PNGRB are much lower than the rates submitted by the Company.

Further, PNGRB made the determined tariffs applicable with retrospective effect from April 1, 2008. In its order PNGRB stated that the modalities and time frame for refund of differential Network Tariff and Compression Charge would be decided subsequently.

The Company filed a writ petition on April 10, 2012 against the order of PNGRB dated April 9, 2012 before the Hon'ble Delhi High Court. The Hon'ble High Court of Delhi has passed the judgment in this case on June 1, 2012 and has quashed the PNGRB order dated April 9, 2012. PNGRB filed special leave petition before the Hon'ble Supreme Court of India against the order dated June 1, 2012 of Hon'ble Delhi High Court.

On July 1, 2015, Hon'ble Supreme Court of India has dismissed the special leave petition of PNGRB.

ASSOCIATE COMPANIES

CENTRAL U.P. GAS LIMITED (CUGL)

CUGL is engaged in City Gas Distribution in the cities of Kanpur and Bareilly in Uttar Pradesh. Your Company holds 50% of paid-up equity share capital of CUGL.

MAHARASHTRA NATURAL GAS LIMITED (MNGL)

During Financial Year 2014-15 MNGL became an Associate Company after acquisition of 4.75 crore shares of MNGL in the first tranche at a price of Rs. 38/- per equity share from certain financial investor shareholders of MNGL. MNGL is in City Gas Distribution business in Pune in the State of Maharashtra.

During the Financial Year 2015-16, the Company has acquired 25 lac shares in the second and final tranche at a price of Rs. 38/- per equity share, making its total holding to 5 crores shares which constitutes 50% of the paid-up share capital of MNGL.

The statement containing the salient features of the financial statement of Company's Associates pursuant to first proviso to sub-section (3) of Section 129, is appended as Annexure 1 to this Report.

FUTURE OUTLOOK

Your Company has drawn out plans to further consolidate its presence in Delhi and NCR by investing Rs. 250 Crores during the financial year 2015-16.

In an effort to curb air pollution and to improve ambient air quality in Delhi & NCR, the National Green Tribunal (NGT) in a landmark ruling on April 7, 2015 banned diesel vehicles over ten years old from plying on Delhi roads and all petrol vehicles which are more than 15 years old shall not be registered in NCR & Delhi. It is expected that more numbers of CNG private cars would be added as customers would prefer CNG over Diesel for their new purchases also.

It is also expected that with an increase in allocation of domestic gas to City Gas Distribution (CGD) entities, the price differential of CNG versus alternate liquid fuel will continue to drive the conversion of petrol driven private vehicles to CNG mode. Introduction of more CNG variant models by car manufacturers would further add to CNG volumes.

Your Company has aggressive plans to expand its PNG customer base in alignment with mission of expanding PNG launched by Government of India. The Company shall endeavour to reach 3 lakh new kitchens in FY 2015-16. Expanding PNG connectivity into newly constructed housing units in Gautam Budh Nagar by builders / government will be given priority to register ambitious growth. The sustained marketing campaign by the Company in Gautam Budh Nagar & Ghaziabad has encouraged builders & developers to integrate PNG at drawing board stage. This approach will enable your Company to utilize assets better in coming years. New high volume industrial & commercial customers will continue to be target for achieving higher growth by your Company.

The Company is looking forward to expand its footprints in new cities through participation in bidding process of PNGRB and by way of strategic investment in other CGD Companies.

INFORMATION TECHNOLOGY

Your Company has embarked on attaining new heights in the field of IT enablement through performing upgrade of their existing ERP system on latest hardware platform. As part of upgrading the ERP software landscape, your Company has performed technical and functional upgrade of the existing ERP landscape to the latest technology platform of SAP ECC6.0 EHP -7. Better monitoring and controlling of critical business processes alongwith automation and optimization have been achieved through implementation of new functionalities and modules.

Your Company has developed new & advanced customer centric applications to provide the customers user friendly experience over portal which can be accessed anywhere even on handheld devices making it convenient to process self-help related services at ease. These applications including Customer Relationship Management (CRM), Business Communication Management (BCM), Multichannel Foundation For Utilities (MCFU) would be released shortly enabling the customers to leverage the latest technology available in the market to enhance their satisfaction through portability of use, convenience, ease of operation and time saving. Apart from the above, your Company has implemented an android based mobile application "IGLCONNECT" for providing self-help related services viz. bill related information, payment options, complaints, online connection requests etc.

Your Company is committed to provide all its customers and stakeholders with latest technology related services and would continue to enhance the same through continued support and appreciation of its customers.

HUMAN RESOURCES

The Company realizes that the challenges of the future can be best met with competent and motivated human resources. The Company is taking various HR initiatives to add value to its pool of human talent and integration of individual goals with that of the Company. Company is reviewing compensation packages and other facilities of its employees to make them more competitive and aligned with industry practices.

Training & Development of the employees forms an integral part of Company's policy towards achieving its objective. Assessment Center & 360 degree appraisal system have been introduced for DGM and above level employees.

During the year, Company also inducted various young professionals at entry level to infuse talent in the professional arena. The Company has also maintained a harmonious and cordial relation among its employees. The Company recognizes and appreciates the contribution of all its employees in its growth path.

HEALTH SAFETY AND ENVIRONMENT (HSE)

Your Company has always accorded top most priority to Fire and Safety related issues and has focused its continual efforts to maintain a good safety culture and to improve Fire and Safety standards.

It is a matter of pride that your Company has crossed 67 Million Man Hours accident free till March 31, 2015. This is a milestone achievement resulted from continuous efforts of all the individuals working directly and indirectly for the Company. During FY 2014-15, your Company has been conferred various prestigious safety awards/ appreciation certificates viz. Green Tech Safety Award (platinum category), Safety Innovation Award by Institute of Engineers, Special Commendation by Golden Peacock Occupational Health & Safety Award and Certificate of Appreciation from National Safety Council to recognize the excellence in the field of Fire & Safety management.

For ensuring safety and business sustainability, an initiative was taken to enhance CNG cylinder validation infrastructure and has successfully resulted in increasing the cylinder testing centres more than the requirement. Also, safety drives to educate the CNG consumers were taken up regularly to get their CNG cylinders validated.

Safety inspections of CNG vehicles are also done periodically on random basis to check compliances of safety standards and to prevent unsafe condition arising out of gas leakage from the CNG kits. For Safety of CNG vehicles, free safety clinics are periodically organized where inspection of CNG kits and fittings is undertaken.

Training is regularly imparted to the employees, contract staff at CNG stations, DTC drivers and consumers of CNG and PNG. To create safety awareness and to impart training to all category of consumers, a dedicated group of trainers with fully equipped training van is deployed which conducts safety clinics along with practical demonstration.

In line with Company's HSE policy, Safety Audits and other statutory compliances are done to ensure safety in all facets of IGL's operations.

Advanced High Pressure Water Mist cum Foam based protection systems have been installed at various Mega CNG stations and are being installed at rest of the CNG stations to deal any fire emergency in its initial stage.

Emergency Control Centres (ECC) established at strategic locations across Delhi & NCR are manned round the clock to respond fast to any gas leak or emergency situation. Two Emergency Response Vehicles (ERVs) are stationed at two distantly located ECC across Delhi. Three more ERVs planned to strengthen emergency response shall be deployed in coming months.

IMPLEMENTATION OF INTEGRATED MANAGEMENT SYSTEM

Your Company has successfully implemented and certified for Total Integrated Management System in 2014-15 for:

1. Quality Management System ISO 9001:2008
2. Environmental Management System ISO 14001:2004
3. Occupational Health and Safety Management System OHSAS 18001:2007

CORPORATE SOCIAL RESPONSIBILITY

During the financial year 2014-15, the Board of Directors of your Company approved the new CSR policy keeping in view the requirements under Companies Act, 2013. Various CSR projects have been initiated and are being taken forward under the IGL CSR Policy.

The Company has been supporting meritorious students from under-privileged strata of society for specialised coaching for engineering entrance examination (JEE) through a scheme run by an NGO. It is a matter of satisfaction that in 2014-15, eight out of twelve students sponsored by your Company have qualified for admission in IIT and other leading engineering colleges.

Your Company realizes the need that good health is paramount to ensure safety on the roads. Therefore, your Company has started the 'IGL Swasth Saarthi' – a comprehensive health management programme for auto and taxi drivers in Delhi & NCR wherein a series of comprehensive Health check-up camps are being organised at CNG stations through a leading hospital. Your Company is also funding the daily training programme for taxi drivers on Gender Sensitisation & Skill Management being organised by Transport Department, Govt. of NCT of Delhi, for all taxi drivers going for annual fitness test. With the objective of covering the risk in case

A health check up camp for drivers of CNG based public transport in progress at IGL CNG Station, as a part of our CSR programme, IGL Swasth Saarthi.

A First aid training for drivers of CNG based public transport in progress at IGL CNG Station, as a part of our CSR programme, IGL Swasth Saarthi.

of accidents while driving for 3.25 lakh drivers of CNG run public transport, your Company has bought a Group Accident insurance cover under 'IGL Suraksha Yojna'.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31.03.2015

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31.03.2015

To,
The Members,
M/s Indraprastha Gas Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s Indraprastha Gas Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the **M/s Indraprastha Gas Limited's** books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31.03.2015 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s Indraprastha Gas Limited** ("the Company") for the financial year ended on 31.03.2015 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (vi) We had also examined other applicable laws which in our opinion were applicable to the sector viz. The Petroleum and Natural Gas Regulatory Board Act, 2006, The Petroleum Act, 1934, Explosives Act, 1884, The Oil Industry (Development) Act, 1974, Petroleum and Minerals Pipelines (Acquisition of rights of user inland) Act, 1962 and Competition Act, 2002.

We have also examined compliance with the applicable clauses of the following:

- (i) The Listing Agreements entered into by the Company with BSE Ltd. (Bombay Stock Exchange) and National Stock Exchange of India Ltd.
- (ii) Secretarial Standards issued by The Institute of Company Secretaries of India had not come into effect during the period of audit for want of Central Government approval.

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above to the extent they were applicable. The Company has incurred an expenditure of Rs.1.33 Crores on Corporate Social Responsibility which is less than the stipulated 2% of average net profits of the Company for the three immediately preceding financial years as required under Section 135 of the Companies Act, 2013.

We further report that-

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent adequately in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting views, if any, are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period:

- (i) The Company has acquired 4.75 Crore equity shares of Rs.10/- of M/s Maharashtra Natural Gas Limited in pursuance to section 186 of the Companies Act, 2013.

MANAGEMENT DISCUSSION AND ANALYSIS

NATURE OF BUSINESS

The Company is in the business of supplying Compressed Natural Gas (CNG) to transport sector and Piped Natural Gas (PNG) to Domestic, Industrial & Commercial sectors in Delhi and NCR.

CNG is a safe, economical and environment friendly fuel for transport sector. It is replacing traditional fossil fuels i.e. petrol and diesel. The running cost of the vehicles that run on CNG is currently around 58% cheaper than petrol and 17% cheaper than diesel.

PNG, the other fuel supplied by the Company is a safe, convenient, environment friendly and reliable fuel for domestic, commercial and industrial consumers. Its demand continues to grow with potential consumers in new areas eagerly awaiting the network to connect them.

NATURAL GAS SCENARIO IN INDIA

Natural gas is the cleanest burning fossil fuel and its environment friendly characteristics make it more popular than other hydrocarbon fuel. It is playing an increasing role in helping to attain national goals of a cleaner environment, energy security and a more competitive economy.

India has been witnessing consistent growth in demand for energy resources. The primary energy mix of India is also set to alter on account of the substitution of oil by natural gas which is emerging as an important component in the total energy basket. The share of natural gas is expected to increase significantly in the coming years. Power and Fertilizer sectors remain the two biggest contributors to natural gas demand in India and expected to remain the major segments for natural gas demand in India in future as well.

The present supply of natural gas in India is mainly from the nominated blocks, operated by ONGC and OIL, private and joint venture fields like Panna-Mukta & Tapti (PMT) and from the fields awarded under NELP like RIL's KG D-6. There is a need to push domestic gas production through new gas fields.

With the growing demand for natural gas in India and the fact that existing gas fields are in decline, a significant contribution in natural gas demand-supply gap is expected to be fulfilled by LNG imports. Several plans to augment and add regasification capacities on the western and eastern coast of India are under process to facilitate LNG imports into India.

CITY GAS DISTRIBUTION IN INDIA

City Gas Distribution (CGD) sector is one of the growing sectors in India. Usage of natural gas has proved to be economical vis-a-vis competing fuels for most of the user segments within the CGD space. Natural gas demand for CGD sector is expected to rise steadily due to the addition of gas networks in new cities, price advantage of CNG and increased use of PNG in domestic, industrial and commercial sectors. Factors like availability of domestic gas, import of LNG and development of requisite infrastructure are also expected to push the growth of natural gas demand from the CGD user segment.

The Power, Fertilizer, Industrial and CGD segments are expected to contribute to the bulk of future growth of natural gas demand in India. The process of addressing environmental concerns is expected to drive the demand of natural gas from the industrial users as well as CNG users in the CGD segment.

The Government is giving thrust to CGD sector with special focus on providing PNG to a large number of households on a mission mode. The share of natural gas demand for CGD sector in the total gas demand is expected to increase significantly.

Ministry of Petroleum and Natural Gas (MoP&NG) has provided domestic gas to CGD companies at top priority thereby fulfilling the entire natural gas requirement of CNG and PNG Domestic segment by indigenous gas, which would make the selling price of CNG & PNG competitive to the alternate fuels like petrol, diesel, LPG etc.

OUTLOOK ON OPPORTUNITIES

CNG has become a popular fuel for transport sector. While its usage has been mandated in the case of public transport in Delhi, the switch over to CNG has been voluntary in case of private car segment due to cost economics weighing in its favour. Use of CNG as a vehicular fuel is well established and growing worldwide.

In an effort to curb air pollution and to improve ambient air quality in NCR & Delhi, the National Green Tribunal (NGT) in a landmark ruling on April 7th, 2015 banned diesel vehicles over ten years old from plying on Delhi roads and all petrol vehicles

INDRAPRASTHA GAS LIMITED

which are more than 15 years old shall not be registered in NCR and Delhi. It is expected that more numbers of CNG private cars would be added, as customers would prefer CNG over Diesel for their new purchases also.

In an endeavor to expand CNG usage other than automobile sector, your Company has taken a first mover advantage by setting up of exclusive CNG facility for Northern Railways, wherein CNG is being dispensed to 4 numbers of Driving Power Cars (DPC) with mix use of CNG with Diesel.

Also, during Railway Budget for 2015-16 on February 26th, 2015, Hon'ble Railway Minister, had proposed to convert 100 DEMUs to dual fuel – CNG and diesel. This would further boost up the usage of CNG.

The convenience associated with PNG has already established it as the preferred fuel and its demand is growing in domestic, commercial as well as industrial segments. An interesting shift in domestic PNG business has been observed during last few years. PNG is now a preferred option among builders / institutions that are in the business of constructing new residential units. Hence besides getting new customers from networked areas your Company is able to reap rich dividend from this shift in potential PNG market. This is a firm indicator of our growth in PNG business. Needless to add commercial segment PNG business shows proportional volume growth with domestic PNG business within expanded network of pipeline infrastructure.

The Company enjoying the first mover advantage in the region has already demonstrated its expertise in developing and fast rolling out CGD network in the adjoining NCR towns of Noida, Greater Noida and Ghaziabad in a short span. This gives the Company an edge to tap the emerging opportunities in new geographies for future growth. The Company has strongly established itself in Delhi and NCR which have good potential for Natural gas in coming years. Apart from consolidating in its existing areas of operation, the Company is looking at expansion in new geographical areas independently and through strategic alliances.

The Company has a robust infrastructure of CNG stations and Pipeline network to ensure easy availability of CNG and PNG to its customers.

The growth drivers and opportunities in our existing areas of operations are as follows:

CNG :

- It is expected that with an increase in allocation of domestic gas to CGD entities, the price differential of CNG compared to alternate liquid fuels will drive the conversion of petrol driven private vehicles into CNG mode.
- Introduction of more CNG variant models by car manufacturers will add to CNG sales.
- Expansion of Private Bus Clusters in Public Transport System. It is expected that there would be nearly 2000 cluster buses by March'16.
- The Company has taken a lead role in facilitating necessary trials on CNG two wheelers with the help of ARAI & a reputed experienced player also known internationally.
- Taxi segment is likely to register a growth of 450-500 nos. of vehicles per month against previous year's figure of 220 to 250 nos. per month due to stringent norms on Web Based Taxi Services.
- Introduction of four-wheelers, quadricycle autos: The process for the inclusion of the new class in the Central Motor Vehicles Regulations is being finalised which would further boost the usage of CNG in Automobile sector.

PNG :

- Your Company has expanded its PNG network into major parts of NOIDA, Greater NOIDA and Ghaziabad and also expanded into all parts of NCT of Delhi.
- The coming years will be for consolidation of business in networked areas to achieve higher asset utilization. Efforts will be made to increase customer base in covered areas.

Your Company is also looking beyond geographies of Delhi and NCR. In this direction, the Company has acquired 50% stake in Maharashtra Natural Gas Ltd., a City Gas Distribution Company operating in the city of Pune. The Company is exploring equity participation in other cities as well.

OUTLOOK ON THREATS, RISKS & CONCERNS AND MITIGATIONS

A. Regulatory Regime

The City Gas Distribution business is under Regulatory regime wherein the Regulatory Board (PNGRB) has framed various Regulations, which have ramifications on the day to day business operations of a CGD entity.

The Company has the infrastructure exclusivity in NCT of Delhi for another decade. Your Company has already CGD infrastructure across all parts of the city. Setting up of new CGD infrastructure would be major challenge for any new entrant in the market as per the prevailing trends in the real estate market.

The Petroleum and Natural Gas Regulatory Board (PNGRB) has been inviting bids from time to time for setting up CGD network in new geographical areas. Your Company intends to participate in the bidding for expanding its areas of operations.

B. Gas Sourcing

In the changing gas scenario, the assured supply of gas at competitive price will play an important role for future growth of your Company.

MoP&NG, Government of India under its recent guidelines has directed GAIL to allocate supply of domestic gas to your Company based on actual requirement along with a flexibility to draw 10% over and above the allocation.

GAIL being the gas supplier not only assures IGL of receiving firm quantities but also ensures priority supply in the event of any stoppage/disruption in domestic gas supply. Firm allocation of domestic gas for the region allows your Company to sell CNG and PNG Domestic at the most competitive rates.

In order to cater growing gas demand of industrial & commercial consumers, the Company is procuring R-LNG, both on term & spot basis.

In this regard, besides having gas supply tie ups with GAIL and BPCL, to strengthen IGL's gas sourcing portfolio the Company has signed framework gas supply agreement with other major R-LNG suppliers viz Shell Hazira LNG Private Limited, IOCL, Gujarat State Petroleum Corporation Limited and BG India Energy Solutions Private Limited. The Company has KG-D6 Gas allocation on firm basis and also on fallback basis, but the supplies from RIL have reduced to nil due to fall in production of KG-D6 Gas.

The Company is actively looking at a variety of options to meet the expected gas demand in future.

C. Gas Prices

Till January, 2014, in absence of additional supply of domestic gas, the dependence on expensive R-LNG was increasing gradually. However, under the recently implemented guidelines of MoP&NG, Government of India, additional domestic gas has been allocated to your Company. This positive development shall help in maintaining gas selling prices both in CNG and PNG-domestic segment competitive over alternate fuels.

MoP&NG has fixed the basis for price revision of domestically produced gas. Current pricing of domestic gas is based on the global oil/gas prices which is helping price sensitive segments such as PNG-domestic and CNG which competes with fuels such as Domestic LPG and Diesel respectively. In the long run, Natural Gas will have a competitive edge both in CNG & PNG Domestic Segment.

With respect to the Industrial Segment, R-LNG prices in recent past have been more or less stagnant owing to long term gas agreements, whereas the alternate fuel prices have reduced considerably due to unprecedented fall in international crude oil prices. This has been affecting the competitive advantage of gas over the major alternative fuel (Furnace Oil). Also, it has been noticed that there is a substantial reduction in bulk LPG prices, the main alternate fuel in small commercial segment. Your Company could retain its existing customer base despite stiff competition from competing fuels.

The Company is fully aware of the challenge to keep the overall procurement cost of gas under check in order to supply CNG and PNG at competitive price as compared to alternate competing fuels.

D. Macro Economic Scenario

The fast changing macro-economic scenario also has an impact on the growth plan of your Company. The fluctuations in forex rates and in Brent Crude prices have a direct impact on the cost of sourcing of your Company.

INDRAPRASTHA GAS LIMITED

Since basic cost of gas from all sources – domestic as well as imported is dollar linked, it becomes vulnerable to any fluctuation in the forex rates. Variation in Brent Crude prices impact the price of imported LNG as its basic price has been linked to Brent Crude.

Your Company has been undertaking necessary revisions in the retail price to account for changes in the macro economic scenario.

E. Value Creation through Operational Excellence

In the competitive environment, creating value for the end customer is of utmost importance for any Company. Your Company is fully conscious and is continuously working for enhancing operational efficiency, cost optimisation and asset utilisation and better customer services.

PERFORMANCE REVIEW- CNG & PNG

The CNG business have grown during the year 2014-15, however there is some decline in PNG business during the year. On an overall basis, sales volume has shown a growth of around 1.4% over the previous year.

During the year, CNG sales volume has increased to 1073.11 mmscm from 1027.54 mmscm in the previous year showing a growth of 4.4% but PNG sales volume has decreased to 330.46 mmscm from 356.11 mmscm year, thereby showing a decline of 7.2%. The decline in PNG sales volume is mainly due to unprecedented reduction in prices of alternate fuels like Furnace Oil (FO) affecting PNG industrial and commercial volumes.

The Company has a network of 326 stations for supply of CNG as on March 31, 2015. The estimated number of vehicles using CNG was over 8 lakhs in March 2015 and our back-end infrastructure, compression capacity and dispensing outlets are under continuous augmentation to meet the growing demand. The Company has provided PNG connections to 5.6 lakhs domestic households and around 2300 commercial & industrial customers as on March 31, 2015.

FINANCIAL PERFORMANCE

Gross turnover of Rs.4048.58 crores for the year ended March 31, 2015 showed a decline of 6% over the previous year turnover of Rs.4319.37 crores.

During the year the cost of Natural Gas purchased was Rs.2395.83 crores (1486.01 mmscm) as compared to Rs.2681.43 crores (1448.24 mmscm) in the previous year. The decrease in cost is due to higher allocation of domestic gas during the year.

Profit before tax has been Rs.649.04 crores as against Rs.539.80 crores in the previous year. Profit after tax has been Rs.437.73 crores as compared to Rs.360.26 crores in the previous year.

The Company is meeting its fund requirement through internal accruals. The total bank borrowings as on March 31, 2015 are Rs.145.31 crores.

SHARE CAPITAL

Share Capital of the Company comprises Equity Share Capital of Rs.140 crores.

INTEREST AND FINANCE CHARGES

During the year interest and finance charges paid to the banks for borrowed funds is Rs.29.82 crores as compared to Rs.44.13 crores in previous year.

**INTERNAL CONTROLS**

The Company has adequate internal control procedures commensurate with its size and nature of its business. During the financial year 2014-15, M/s KPMG, Chartered Accountants and in-house audit team carried out internal audits and the internal audit reports prepared by them were placed before the Audit Committee.

HUMAN RESOURCES

The Company recognizes that the challenges of the future can be best met with competent and motivated human resources. It has taken various HR initiatives to add value to its pool of human talent and integration of individual goals with that of the Company. Training and Development of the employees forms an integral part of Company's policy towards achieving its objectives. The Company recognizes and appreciates the contribution of all its employees in its growth path.

ENVIRONMENT CONSCIOUSNESS

Natural gas intrinsically being the cleanest of the fossil fuels, it is endeavour of the Company to promote its wider use among all categories of prospective customers. Towards this direction, all the users are made aware of the economical and environmental advantages of natural gas compared to other fuels.

The Company is making continuous efforts to reduce pollution in Delhi and its adjoining areas.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1 COMPANY OVERVIEW

Indraprastha Gas Limited (the 'Company') was incorporated on 23 December 1998 under the Companies Act, 1956. The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

The Company is a joint venture between GAIL (India) Limited and Bharat Petroleum Corporation Limited. The Company's business consists of sale of Natural Gas.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under Section 133 of the Companies Act, 2013 in terms of General Circular 15/2013 dated 13 September 2013 of the Ministry of Corporate Affairs and the relevant provision of the Companies Act, 2013/ Companies Act, 1956 as applicable. The financial statements have been prepared on accrual basis under historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.3 Inventories

- i. Stores and spares are valued at the lower of cost computed on weighted average basis and net realisable value.
- ii. Stock of Natural Gas in pipelines and cascades is valued at the lower of cost computed on First in First out (FIFO) basis or net realisable value.

2.4 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash in hand and demand deposits with banks. Cash equivalents are short-term (with original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of change in value.

2.5 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.6 Depreciation and amortisation

Depreciation is charged on a pro-rata basis on the straight line method at rates prescribed in Schedule II to the Companies Act, 2013, except for the following assets where depreciation is charged on pro-rata basis over the estimated useful life of the assets based on technical advice taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:

Asset class	Depreciation/ Amortisation
Tangible Fixed Assets	
- Mother Compressors, Online Compressors and Booster Compressors (Forming part of plant and equipment)	10 years
- Pipeline (Forming part of plant and equipment)	25 Years
- Signages (Forming part of buildings)	10 years
Intangible Assets	
- Computer Software & Licences	5 years

Cost associated with lease hold land is depreciated over the period of lease.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

2.7 Revenue recognition

- i. Revenue on sale of natural gas is recognised on transfer of significant risks and rewards of ownership to the buyer. Revenue include excise duty but exclude central sales tax and value added tax.
- ii. Income from deposits is recognised on a time proportion basis. Dividend income is recognised when the Company's right to receive payment is established.

2.8 (a) Fixed assets

- i. Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any.
- ii. Fixed assets are stated at their original cost including freight, duties, taxes and other incidental expenses relating to acquisition and installation and are net of recoveries from Piped Natural Gas (PNG) customers towards the cost of installation of PNG pipeline network, if any.
- iii. Gas distribution systems are commissioned when ready for commencement of supply of gas to consumers. In the case of commissioned assets where final payment to the contractors is pending, capitalisation is made on an estimated basis pending receipt of final bills from the contractors and subject to adjustment in cost and depreciation in the year of final settlement.
- iv. Insurance spares are capitalised with the cost of plant and machinery and depreciated over the useful life of the respective asset.
- v. Intangible assets comprise computer software/license.
- vi. The carrying amount of assets, including those assets that are not yet available for use, are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, recoverable amount of asset is determined. An impairment loss is recognised in the statement of profit and loss whenever the carrying amount of an asset exceeds its recoverable amount. An impairment loss is reversed only to the extent that the carrying amount of asset does not exceed the net book value that would have been determined if no impairment loss had been recognised.

(b) Capital Work in Progress

Expenditure incurred during the period of construction, including all direct and indirect expenses, incidental and related to construction, is carried forward and on completion, the costs are allocated to the respective fixed assets. Capital Work in Progress includes capital inventory.

2.9 Foreign currency transactions and translations

i. Initial Recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of transaction.

ii. Measurement at the Balance Sheet Date

Foreign currency monetary items (other than derivative contracts) of the Company, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items of the company are carried at historical cost.

iii. Treatment of Exchange Difference

Exchange gains or losses arising out of fluctuation in exchange rates on settlement during the year and/or translation at year end recognised in the statement of profit and loss.

iv. Accounting of Forward Contracts

Premium on forward contracts, which are not intended for trading or speculation purposes, are amortized over the period of the contracts if such contracts relate to monetary items as at the balance sheet date.

2.10 Investments

Non-Current investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

2.11 Employee benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences.

Defined contribution plans

The Company's contribution to provident fund and pension fund is considered as defined contribution plan and is charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using 'the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost.

Short term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the Balance Sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

2.12 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset are added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

2.13 Leases

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on straight line basis.

2.14 Earnings per share

Basic earning per share is computed by dividing the profit after tax by weighted average number of equity shares outstanding during the year. Diluted earning per share is computed by dividing the profit after tax by weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti dilutive.

2.15 Taxes on income

Income tax expense comprises current tax and deferred tax. Current Tax is amount of tax for the period determined in accordance with the Income-tax Act, 1961. Deferred Tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liability or deferred tax asset are recognised using the tax rates that have been enacted or substantially enacted by the Balance Sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty of realisation in the future. Such assets are reviewed at each balance sheet date to reassess realisation. Where there are unabsorbed depreciation and carry forward losses under tax laws, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised in future.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

2.16 Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.17 Provisions and contingencies

A provision is recognised in the financial statements where there exists a present obligation as a result of a past event, the amount of which can be reliably estimated, and it is probable that an outflow of resources would be necessitated in order to settle the obligation. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligations at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

2.18 Operating Cycle

Based on the nature of products/activities of the Company and the normal time between purchase of natural gas and their realisation in cash or cash equivalents, the company has determined its operation cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

28 ADDITIONAL INFORMATION TO THE FINANCIAL STATEMENTS

28.1 Contingent liabilities

(i) Claims against the company not acknowledged as debt

(a) Income tax case

For Assessment Year 2007-08 the Income Tax Department had disallowed certain deduction claimed and raised a demand amounting to Rs. 0.89 crores (Previous Year Rs. 0.89 crores) on 28 March 2013. The Company had filed an appeal on 26 April 2013 against the demand with CIT (Appeal) and the same has been decided in favour of the company during the year. Refund has been received against the same on 7 April 2015.

(b) Excise Case

The Company had received a show cause notice dated 5 June 2012 from the Directorate General of Central Excise Intelligence for not paying excise duty on the facility discount paid to Delhi Transport Corporation from December 2008 to August 2010 and raised a demand of Rs. 2.42 crores (previous year Rs. 2.42 crores). The company has already deposited Rs. 2.42 crores and filed an appeal on 20 August 2013 with the Commissioner of Central Excise. The demand was confirmed by the Commissioner of Excise in its order dated 30 September 2013 and further imposed a penalty of Rs. 2.42 crores excluding interest. The company filed an appeal on 10 January 2014 against the demand including penalty with Central Excise and Service Tax Appellate Tribunal and the stay has been granted by the tribunal against the demand. The case is pending with Central Excise and Service Tax Appellate Tribunal.

(c) Uttar Pradesh VAT Case

In respect of Assessment year 2009-10, Commercial Tax Department, Noida had raised a demand of Rs. 0.34 crores (Previous Year Rs. 0.34 crores) on 4 March 2013. The Company had deposited Rs. 0.12 crores and provided bank guarantee for the balance amount. An appeal against the demand was filed on 3 May 2013 with Additional Commissioner (Appeal) and the same has been decided in favour of the company. The amount deposited has been adjusted against VAT liability for the month of February 2015.

(d) Delhi Development Authority (DDA) case

Delhi Development Authority (DDA) has raised a total demand of Rs.155.64 crores during FY 2013-14 on account of increase in license fees in respect of 61 sites taken by the company on lease from DDA for setting up CNG stations in Delhi. This increase in license fee is related to the period from 1 April 2007 to 31 March 2014. The Company has filed a writ petition on 11 October 2013 before Hon'ble Delhi High Court against the demand raised by DDA as revised licence fees has been increased manifold and made applicable retrospectively from financial year 2007-08. The matter is pending in the Hon'ble High Court of Delhi.

(ii) Other money for which the company is contingently liable

(a) Petroleum and Natural Gas Regulatory Board (PNGRB) vide its order no. TO/03/2012 dated 9 April 2012 determined the per unit network tariff and compression charge for the CGD Network of the Company for Delhi, based on submission of data by the Company in May 2009 and certain assumptions taken by PNGRB in this regard. The tariffs determined by PNGRB are much lower than the rates submitted by the Company.

Further, PNGRB made the determined tariffs applicable with retrospective effect from 1 April 2008. In its order PNGRB stated that the modalities and time frame for refund of differential Network Tariff and Compression Charge would be decided subsequently.

The Company filed a writ petition on 10 April 2012 against the order of PNGRB dated 9 April 2012 before the Hon'ble Delhi High Court. The Hon'ble High Court of Delhi has passed the judgement in this case on 1 June 2012 and has quashed the PNGRB order dated 9 April 2012. PNGRB has filed special leave petition before the Hon'ble Supreme Court of India against the order dated 1 June 2012 of Hon'ble Delhi High Court. Matter is still pending in the Hon'ble Supreme Court of India.

(iii) Bank guarantees

The Company's total liability towards un-expired Bank Guarantees is Rs. 0.25 crores (Previous year Nil).

28.2 (i) Estimated amount of contracts remaining to be executed on capital account not provided for;

Estimated amount of contracts remaining to be executed on capital account and not provided for is Rs. 164.37 crores (Previous year Rs. 207.77 crores)

31 DISCLOSURES UNDER ACCOUNTING STANDARDS

31.1 Employee benefit plans

Defined Contribution Plan

The Company makes Provident Fund contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised Rs. 2.02 crores for provident fund contributions (Previous Year Rs. 2.42 crores) in the statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

Defined Benefit-Gratuity

The gratuity liability arises on retirement, resignation and death of an employee. The aforesaid liability is calculated on the basis of fifteen days salary (i.e. last drawn basic salary plus dearness allowance) for each completed year of service subject to completion of five years' service.

Policy for recognising actuarial gains and losses

Actuarial gains and losses arising from experience adjustments and effects of changes in actuarial assumptions are immediately recognised in the statement of profit and loss as income or expense.

The following tables set out the status of the unfunded gratuity plan and amounts recognised in the Company's financial statements:
